## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 55-58, 60-61, 63-72 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach a wireless communication system comprising, a first wireless telephone subscribed to receive one or more services from a first wireless service provider, the first phone being a personal wireless phone, a second wireless telephone subscribed to receive one or more services from a second wireless service provider, the second wireless phone being a vehicular wireless phone integrated into the electrical control system of a vehicle, a home location register servicing the vehicular wireless phone, and instructing the mobile switching center to reroute a call to a voicemail account of the personal wireless phone responsive to a detection of no answer at the vehicular wireless telephone of the call, the first and second wireless phones sharing a single wireless service plan, and a single billing report including a connectivity service for sharing information between the vehicular wireless phone and the personal wireless phone as substantially described in independent claims 55, 63, 64, 67, 68, 69, 70, and 72. These limitations, in combination with the remaining limitations of claims 55, 63, 64, 67, 68, 69, 70, and 72 are not taught nor suggested by the prior art of record. Dependent claims 56-58, 60-61, 65-66, and 71 are dependent from claims 55 and 64 and are therefore allowed for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2617

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
